## INFORMATION SHARING REPORT February 3, 2020

### Get Involved

Show your LOVE for the ocean this month by joining CHNEP in the Trash Tackle! Each year, eight million metric tons of plastic enter the ocean. Whether it floats for eternity, breaks apart into microplastics, or is ingested by wildlife, this is a serious issue: let's do our part to clean our water! Please join us to collect cans, bottles, straw, wrappers, and other assorted litter before it is swept out to sea.

**WHAT:** The Trash Tackle

**WHEN:** Saturday, February 29th, 9am - 12pm
