

## INFORMATION SHARING REPORT April 13, 2020

### National Telecommunicators Week

Sunday was the official kick off for the beginning of National Telecommunicators Week where we take some time to recognize our Public Safety Dispatchers, the unseen heroes of public safety. Thank you to all of the dispatchers who play such a vital role in keeping our communities and our officers safe!

Senior Dispatcher Able has been with the police department for six years. She is a new mother (to one of the cutest babies ever). She enjoys concerts, tattoos, and cats. Her biggest fear is alligators, but she lives in Florida (which may be why she decided on a career working in a secured concrete room). Thank you Senior Dispatcher Able for all that you do for this department and the City of Punta Gorda!

Supervisor Denis oversees our Communications Section, which dispatches for both the Punta Gorda Police Department and the Punta Gorda Fire Department. She has over 32 years of dispatch experience, with 15 of those with the Punta Gorda Police Department! She is married with 2 grown sons and 4 grandchildren. She enjoys reading and yard sales (when not busy chasing those grand-babies around). Thank you Supervisor Denis for your continued service to our community!
